

# Gary and Nanette Lycan Scholarship Application

## Additional Scholarship Information

The scholarship will cover the actual cost of tuition fees, up to \$6,000 per academic year (as defined by the institution being attended) or \$2,500 per semester for full time studies leading to an undergraduate degree in the sciences or a science-related field. The amount will be available each year for up to five years (or twelve semesters) leading to achievement of the student's undergraduate degree. Student will need to maintain a minimum of 3.0 grade point average and continued enrolment in the sciences or science-related field for the following year. Funding will continue to be available on the same basis for up to three years of graduate studies. An annual progress report will need to be provided to donor.
